To put Christian principles into practice through programs that build healthy spirit, mind and body for all.

II. The Y Cause

The Y is a powerful association of men, women and children of all ages and from all walks of life joined together by a shared passion: to strengthen the foundations of community.

III. Areas of Focus

Youth Development: Nurturing the potential of every child and teen

We believe that all kids deserve the opportunity to discover who they are and what they can achieve. That's why, through the Y, millions of youth today are cultivating the values, skills and relationships that lead to positive behaviors, better health and educational achievement.

Healthy Living: Improving the nation's health and well-being

In communities across the nation, the Y is a leading voice on health and well-being. With a mission centered on balance, the Y brings families closer together, encourages good health and fosters connections through fitness, sports, fun and shared interests. As a result, millions of youth, adults and families are receiving the support, guidance and resources needed to achieve greater health and wellbeing for their spirit, mind and body.

Social Responsibility: Giving back and providing support to our neighbors

The Y has been listening and responding to our communities' most critical social needs for 160 years. Whether developing skills or emotional well-being through education and training, welcoming and connecting diverse demographic populations through global services, or preventing chronic disease and building healthier communities through collaborations with policymakers, the Y fosters the care and respect all people need and deserve. Through the Y, 500,000 volunteers and thousands of donors, leaders and partners across the country are empowering millions of people in the U.S. and around the world to be healthy, confident, connected and secure.
